Ban on use of plastics

The college has implemented a strict ban on the use of plastic within its premises to promote environmental sustainability. This initiative aims to reduce plastic waste and its harmful impact on the environment. To raise awareness, the college organizes regular activities such as workshops, awareness campaigns, and educational seminars for students and staff. These events highlight the importance of using eco-friendly alternatives to plastic and encourage everyone to adopt sustainable practices both on and off-campus. The college's efforts foster a responsible, green campus culture.
