7.1.7 A

Institutional Policy for inclusion for persons with disabilities

In line with its goal, the pursuit of greatness upholds the values of diversity and tolerance. The Institute works to advance social justice and disability rights by advancing the values of justice, equity, and compassion. Taking this into account, Nirmala College of Commerce does the following:

- To encourage a culture that is fair and inclusive of Divyangjan, the people with disabilities.
- Begin spreading awareness of Divyangjan.
- Develop teamwork tools that are accessible to students with disabilities in order to unlock online resources.
- Provide accommodations for any employees who may have a disability at work.
- Educate institute teachers on various teaching philosophies through training programs, assessment methods, etc. in order to accommodate students with disabilities.
- As required by the Rights of Persons with Disabilities, which endeavour to construct an infrastructure that is accessible and free of barriers.
- Ascertain that accommodations for students with disabilities are provided in compliance with the relevant authorities' requirements.
- Using the newest information and communication technologies to make resources accessible to people with disabilities.
